Effective Planning

Extensive planning takes place to ensure that residents of Chateau de Notre Dame will be protected in the event that a hurricane evacuation should take place. The purpose of this brochure is to provide information for family members to refer back to in the event of an evacuation. Please read through this carefully and be sure to ask any questions that you may have before the threat of an evacuation.

Your Help is important!

It is imperative that we have the assistance and cooperation of our family members in providing for the safety of our residents in such a disaster. Please review the following and take all necessary steps for your loved one:

- Review your own evacuation plans and if at all possible, make plans for your loved one to accompany you. This is the safest alternative.
- If you are unable to take your loved one with you, we ask that you assist us with loading your loved one onto the buses the day of the evacuation. Also, we encourage you to evacuate with us to assist in the care of your loved one.
- It is up to you to ensure that we have your most up to date contact information. Please let us know where you will be during an evacuation. An email address would be very helpful as well.
- Please ensure that your loved one has comfortable clothing, that fits, available to bring in the event of an evacuation. (see list on next page)

Necessities:

When an evacuation is necessary, Chateau de Notre Dame evacuates 36 to 72 hours before a hurricane is expected to make land fall. In order for this evacuation to work we need your assistance. Please ensure that your loved one's evacuation bag is prepared and ready NOW with the following items:

Female

4 bras or undershirts
4 pairs of underwear
4 house dresses or
4 pants and 4 blouses
1 sweater
4 pairs of socks
1 pair of easy on shoes

Male

4 T-shirts
4 pairs of underwear
4 pairs of pants
4 shirts
1 sweater
4 pairs of socks
1 pair of easy on shoes
1 belt

*Please make sure that all clothing still fits!
We will provide diapers and personal
hygiene items.*

These items should be labeled and packed in the mesh bag provided by the facility.
